

KAVITA IYER

Director of Product | Bengaluru | kavita.iyer@example.com | +91-90000-00003

SUMMARY

Product leader with 11 years across payments, lending and marketplaces. Has built and run product teams of up to 14 PMs, taken two products from zero to national scale, and owned a P&L of ₹240 Cr.

EXPERIENCE

Director of Product, Lending, Vittam Finance (fictional) | Mar 2022 - Present

- Lead 14 PMs and 3 designers across personal loans, credit line and collections; own the lending P&L of ₹240 Cr.
- Launched a pre-approved credit line to 3.2 million users; it became 38% of new disbursements within a year.
- Cut loan approval time from 26 hours to 7 minutes by moving underwriting to a rules engine with bureau pulls.
- Brought 90+ day delinquency on new loans down from 4.1% to 2.6% with the risk team.
- Set the quarterly product planning process used by 6 business units.
- Partnered with 4 NBFC and bank lenders to add co-lending, taking monthly disbursements from ₹60 Cr to ₹190 Cr.
- Built the collections product (digital reminders, field app, settlement offers), lifting cure rate on 30-day buckets by 9 points.
- Took the lending app through two RBI digital lending audits with no major findings.

Senior Product Manager, Payments, ShopKart Marketplace (fictional) | Jan 2019 - Feb 2022

- Owned checkout and payments for 40 million monthly buyers; raised payment success rate from 91.2% to 95.8%.
- Launched UPI Autopay for subscriptions, adopted by 1.1 million subscribers in 9 months.
- Led the move from two payment gateways to four with smart routing, saving ₹11 Cr a year in fees.
- Hired and managed a team of 4 PMs.
- Designed cash-on-delivery to prepaid nudges that moved 7% of COD orders to prepaid, cutting RTO losses.
- Shipped saved cards and one-click EMI at checkout with the bank partnerships team.

Product Manager, QuickServe Logistics (fictional) | Jul 2016 - Dec 2018

- Built the driver app from zero to 25,000 daily active drivers in 5 cities.
- Designed dynamic batching of deliveries, cutting cost per order by 17%.
- Ran weekly field visits and 60+ driver interviews to set the roadmap.

Business Analyst, Infotech Solutions (fictional) | Jun 2014 - Jun 2016

- Wrote requirements for a core banking upgrade used by 300 branches.
- Built SQL reports for branch operations, replacing 20 manual Excel sheets.
